License to Have and Use Noisemap

The Noisemap suite of noise models is owned by the U.S. Government and is controlled by the Air Force Research Laboratory located in Dayton, Ohio. The Noisemap suite consists of the following software applications:

- BaseOps
- NMPlot
- MRNMap
- Noisefile
- Omega 10
- Omega 11
- NMap

The user is granted the right, without any fee or cost, to use, copy, modify, alter, enhance and distribute the Noisemap suite of software as defined above and including any additional applications added in the future, and any derivative works thereof, and its supporting documentation for any purpose whatsoever provided that Wasmer Consulting is acknowledged as the author of BaseOps and NMPlot components of the Noisemap noise model suite.

Borland®
